

# TECH CORPS Snapshot

## 2023

We had a significant impact in 2023; we served over 8,400 students! We trained close to 100 educators on how to deliver high-quality computer science instruction and provided nearly 6,000 computer science resource kits. I am so grateful for the nearly 200 volunteers and countless partners who made it possible!

- Lisa M. Chambers, CEO
