

TECH CORPS Snapshot

2024

We're on a mission to tackle the lack of exposure to technology and technical careers experienced by K-12 students, including those who have historically been underrepresented in technology. TECH CORPS delivers high-quality, career-connected technology programs to K-12 students and educators. Join us as we imagine a world where every student has the skills, confidence, and opportunities to unlock the door to a successful future.
